Dear Locke:

Congratulations on being reappointed to the NC Sentencing and Policy Advisory Commission.

Since 1990, the commission has been tasked with making recommendations to the General Assembly for the modification of our state's sentencing laws and policies. It is composed of North Carolinians from all walks of life from sheriffs and state legislators to judges and private citizens. From classifying criminal offenses into felony or misdemeanor categories to developing a community corrections strategy, the efforts of you and your fellow commission members not only impact the lives of offenders but help better define what justice means in North Carolina. This is an area that is very dear to my heart and I thank you for your continued efforts to make our legal system one that is just and fair.

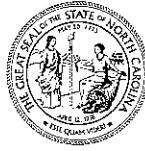

Again, I thank you for your commitment to creating a better and working North Carolina and I wish you continued success.

Sincerely,
